3. Any logs, tracking spreadsheets, or similar of CPRA requests and responses showing items between January 1, 2018 and the date of receipt of this request[.]

On April 23, 2019, Cal OES acknowledged receipt of your request, and notified you that the request is overly broad and burdensome. You responded the same day and were unwilling to narrow your request.

Cal OES has searched its records and files, and is in possession of responsive documents to sections 1 through 4 of your request. Records responsive to section 4 of your request are publicly available at the following link:

<https://www.caloes.ca.gov/cal-oes-divisions/legal-affairs/public-records-request>.

Cal OES is presently reviewing the responsive documents to section 3 for material that is confidential, privileged, or otherwise exempt from disclosure pursuant to the California Public Records Act. Cal OES expects to release documents responsive to section 3 on or about May 15, 2019.

A preliminary search of responsive documents for sections 1 and 2 resulted in a voluminous amount of separate and distinct records. The production of which would result in thousands upon thousands of pages of documents, which are not maintained in a single California Public Records Act repository.

Cal OES therefore respectfully asks again that you narrow your request by, for example, identifying specific California Public Records Act requests so as to alleviate the burden of responding to your request.

Should you have any questions, please contact me at [pra@caloes.ca.gov](mailto:pra@caloes.ca.gov), or (916) 845-8971.

Sincerely,
